46 10 does not shift costs between the medical assistance program,
46 11 counties, or other sources of funding for the state resource
46 12 centers.

46 21 the overtime costs if new positions would not be added, the
46 22 superintendent may add the new position or positions. If the
46 23 vacant positions available to a resource center do not include
46 24 the position classification desired to be filled, the state

46 29 during the course of the fiscal year in order to assist one
46 30 another in filling necessary positions.

Specifies that additional positions at the two State Resource Centers may be added under certain projections.

46 31 8. If existing capacity limitations are reached in
46 32 operating units, a waiting list is in effect for a service or
46 33 a special need for which a payment source or other funding is
46 34 available for the service or to address the special need, and
